

CPR or BLS Course for Primary Health Organisations

Unfortunately, the Clinical Training Unit at Hutt Hospital is no longer able to provide Resuscitation Education (including the CPR course for PHOs) for healthcare workers outside of Health New Zealand/Te Whatu Ora - Capital, Coast and Hutt Valley.

There are private providers who may be able to assist you to access the learning you need.

Please see below for some options of courses offered:

- EMCARE: BLS, BLS for vaccinators, NZRC CORE Advanced <https://www.emcare.co.nz>
- Hato Hone St John: BLS, BLS for vaccinators, NZRC CORE Immediate equivalent. <https://www.stjohn.org.nz>
- Hutt Valley Resuscitation: NZRC CORE Advanced and NZRC CORE Immediate. <https://huttvalleyresuscitation.com>
- Total Resus: BLS, BLS for Vaccinators, NZRC CORE Advanced, NZRC CORE Immediate, Newborn Life Support, ALERT <https://www.totalresus.com>
- Triple One Care: BLS, BLS for vaccinators, NZRC CORE Advanced, NZRC CORE Immediate <https://www.tripleonecare.nz>
- Wellington Free Ambulance: BLS and BLS for vaccinators <https://www.wfa.org.nz>

We apologise that we are not able to assist further and hope that you will find a suitable provider for the training required.
