

## Applying Disability Equity Study Day

### Learning outcomes:

After completion of this course, you will:

- Be able to understand inequity disabled people face
- become a role model, ally, and gain methods to minimise barriers
- understand what inclusive healthcare looks like

### Content:

This Disability Equity course is in-depth learning about Disability Rights. This course aims to develop, upskill and advance your knowledge and confidence when you have disabled people in your care.

We will put emphasis on applying equitable care and unravel how to apply the Enabling Good Lives principles. You will be able to reflect and develop clinical practice using care case studies from the disability community of their experience when receiving healthcare.

This day will have an interactive environment with group discussion to enable connection with disabled peoples' experiences.

A variety of days and locations are available so frontline staff can attend.
